Arizona CCW-Concealed Carry Permit Class

When your life depends on your training!

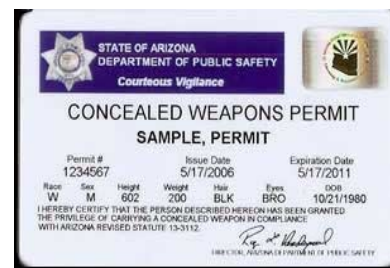

800.617.5305

Why you should “still” get a CCW permit

If you plan on purchasing firearms from a licensed gun dealer in AZ an AZ CCW permit exempts you from the required Brady background check at the time of sale. This speeds up the process and makes it easier, especially if you have a common name like “John Smith”.

If you want to enter any place that serves alcohol such as your favorite breakfast or burger place with your firearm you need a permit. Even if they serve just beer and wine you can not enter with your firearm unless you have a permit. You still can not drink anything with alcohol or enter the establishment if it is posted.

If you plan to drive, walk, or travel within 1000 foot of any k-12 school you must have a CCW permit unless your firearm is unloaded and in a locked container under federal law 18 USC § 921 Gun Free school Zone Act. The CCW permit still does not allow you to enter the actual school property.

The AZ CCW permit is honored and recognized by many other states (35 at the current time). If you plan to travel to other states your AZ CCW Permit might allow you to carry your firearm.

Why Choose Us

Our instructors are former law enforcement and military veterans, certified protection agents, and licensed investigators with 30 years of weapons training and carrying firearms. We discuss real-world situations, and what to really expect when you carry a gun for self defense or after being involved in a shooting. We are NRA and DPS certified instructors and range safety officers. Even if you are a beginning shooter you will be empowered & armed with knowledge of the law & skills necessary to carry a concealed firearm for self-defense.

In this 5 hour classroom-based class, you will receive instruction on the Statutes governing AZ CCW Laws. These laws include use of deadly force, interfacing with Law Enforcement, Interstate/Intrastate travel with firearms, restricted and prohibited carry locations in Arizona and more. Firearms safety topics covered include; safe gun handling, weapon selection, firearm nomenclature and manipulation, ammunition options, storage & maintenance, fundamentals of pistol shooting including; grip options, stance options, sighting fundamentals, and trigger control.

What makes us stand above the rest

In our classroom-based classes, we are excited to offer a unique training experience, not offered by other companies, where each student will practice firearms handing drills with our **state-of-the-art LASER Shot Training Software System**. You will receive instant feedback on shot placement and see where the shots hit the full-sized target. This computerized training includes realistic shot sounds with a laser Glock handgun replica, in weight and design, and is an excellent way to work on shooting fundamentals.

Our Premium eight hour course includes the four hour classroom law review, firearms safety, and LASER shooting practice and a four hour defensive handgun range course. You will learn how to think as you fire from cover, think as you fire while moving, shoot-move-shoot and you will be challenged with problem solving situations, such as firing from left and right barricades. The emphasis is on developing tactical and shooting skills that can be applied in real-life situations.

** All students will receive a Certificate of Completion, along with a CCW form packet and an on-site fingerprinting option on two DPS cards is available for additional fee.

Note: Cost of Course does not include AZ DPS Permit processing fee of \$60, which is submitted by applicant upon completion of course directly to DPS.
